Gov. Wise, in a letter to a naturalized citizen, in Lynchburg, Va., discusses the subject of our naturalization laws affecting our adopted citizens abroad, in which he differs entirely from Gen. Cass, in regard to the duty of our government. He says that the concession recently made by our Government is an abandonment of one of the most precious American doctrines ever established by our patriots for a free people, and he regrets that "a Democratic Administration has endorsed it as laid down by its Whig predecessor in the Department of State, Mr. dward Everett, following the authority of

THE GAVINZEL CASE. -Au immense crowd gathered yesterday at Squire Nettle's office to listen to the particulars in the serious charge of rape brought by Mrs. Boswell, of mon Hill, against her attendant physican, Dr. G. Gavinzel, of Broad street.

The only evidence in the matter against the Doctor was that of Mrs. Boswell, who, it seems, in spite of clerical, and other persuasion, has determined to expose the act of this man Gavinzel; and truly, if things be as she states, he deserves to be exposed in the fullest sense of the term. Great efforts were made to hush up the transaction, but Mrs. Beswell, justly indignant at the conduct of Gavinzel, it seems, is resolved to carry the matter out in full.

The defendant, with two of our most eminent lawyers, appeared yesterday before the Magistrate, and after Mrs. Boswell's testimony, showing that Gavinzel had tried to commit au ourage on her person under talse pretences, the accused was sent to stand his trial at the next Court. He was bailed out in the sum of \$2 000. - Richmond Enquirer.

COMMUNICATED. Can it be believed that two of the best officers have been removed from the Alexandria Custom House, by the advice and recommendation of the Representative from this District in Congress? Who would have believed that an influence could have been exerted upon the President, to have removed from office old and consistent democrats, for no other cause, in truth, than having the independence to cast their votes for Mr. Shackelford, a true democrat, and their personal friend, who did good service in the cause and who never affiliated with, or supported another party, then believed to be the minant party in Virginia.

The gentlemen thus decapitated, doubtless, like a large number of their party, desired to be represented by some one in whom they had political confidence.

To full the feeling excited, it is now pretended that the offices, made vacant by the removal of these gentlemen, are to remain so. This may be the case temporarily, but that they will long remain vacant, no one believes. There are others who are waiting for and expecting the offices, which they hope to obtain by the influence, which, it is said, caused the removal of the two dismiss-A JEFFERSONIAN DEMOCRAT.

April 12, 1858.-Prof. O. J. Wood-Dear Sir: Some month or six weeks ago, I received a bottle of your HAIR RESTORATIVE, and gave it to surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray hairs to a dark brown, at the same time beautifying and thickening the hair. I strongly recommend the above RESTORATIVE to all persons in want of such a change of their hair. CHAS, CARDEW. New York, July 25, 1857.—Prof. O. J. Woop:

-With confidence do I recommend your HAIR RESTORATIVE, as being the most article I ever saw. Since using your HAIR RE STORATIVE my hair and whiskers which were almost white, have gradually grown dark; and I now feel confident that a few more application will restore them to their natural color. It also has relieved me of all dandroff and unpleasant itching, so common among persons who perspire freely.
